Dr. Roseann Mikos has made a difference ...

“I don’t pretend to tell you how to vote. But I know SOAR, and I know Dr. Roseann Mikos. Now that SOAR passed overwhelmingly, all the politicians are lining up to support the protection of agricultural land and open space. But remember, only one candidate for Moorpark City Council was there from the start. Roseann Mikos wrote the Moorpark SOAR ordinance that the voters supported. Roseann Mikos fought the Orange County developer, Messenger, to give you the right to vote on important land use issues. Dr. Roseann Mikos is the only council candidate who supported you; now you have a chance to support her.”

Richard Francis

Co-architect, Ventura County SOAR Movement

... and she will make a difference in the future.

“My vision for Moorpark is a dynamic, safe, small, environmentally-friendly, business-friendly town. This is what most people I talk to want for **OUR** community. We want the best schools, the best parks, the safest roads, and the safest community possible. We, the people, do have power to shape our own future. We have voted together 2-to-1 three times in the last two years: FOR SOAR, FOR saving our parks, and AGAINST overdevelopment at Hidden Creek/Messenger. Now, **vote FOR "Mikos for Moorpark"** and I will continue to be your consistent advocate to protect our vision for Moorpark.”

Roseann Mikos, Ph.D.

Candidate for Moorpark City Council
